| IDENTIFIERS | *Louisiana |

ABSTRACT

This guide represents Louisiana public higher education's initial effort to improve the transfer process by making the process of transfer and evaluation of credit more easily understandable. A student transfer guide, this document includes a matrix of forty General Education college credit courses which (with few exceptions) can transfer between and among most of Louisiana's public two-year and four-year colleges and universities. The courses in this guide's matrix are typically referred to as "general education" or "core curriculum" courses. While for the most part all of these courses will transfer for credit between and among Louisiana's institutions, students must remember that these courses may or may not be applied to a particular degree program. This guide also includes contact information for the campus-designated individual at the eight two-year and 14 four-year institutions to whom inquiries may be directed regarding the transfer process. Additionally, information on tuition rates and office contacts for financial aid and housing are included for the student's use. The current Board of Regents' General Education requirements include 39 credit hours of college-level courses for a baccalaureate degree program (12 hours for an associate degree program), which include coursework in English, mathematics, computer literacy, natural sciences, arts, humanities, and social sciences. (VWC)

**GENERAL EDUCATION ARTICULATION MATRIX** ..... 25

## INTRODUCTION

Educational policy and practices can no longer be predicated on the assumption that students will complete a degree program at the same institution in which they initially enrolled. Today, increasing numbers of students at Louisiana's colleges and universities are transfer students. An examination of a recent cohort of 24,268 entering freshmen revealed that by the following fall, 1,405 of these students had transferred to another Louisiana public college or university.

When students' courses do not transfer, they must often repeat certain courses. This results in students having to pay additional tuition and fees, delays their graduation, and means that students lose potential income. It also requires an additional expenditure of taxpayers' money. Savings students may have realized by enrolling at a lower cost institution could be lost if the courses do not transfer.

The Louisiana Board of Regents and the higher education community recognize the importance of well designed transfer policies. Transfer policies should be practical, predictable, and fair. Over the past eighteen months, the Board of Regents, the Louisiana State University Board of Supervisors, the Southern University Board of Supervisors, the Board of Trustees for the University of Louisiana, and all their member institutions have worked together to make the transfer process easier to understand and to complete with a minimum loss of credit. As a result of these efforts, this guide includes a matrix of forty General Education college credit courses which (with few exceptions) can transfer between and among most of Louisiana's public colleges and universities.

The courses in this guide's matrix are typically referred to as "general education" or "core curriculum" courses. While for the most part all of these courses will transfer for credit between and among Louisiana's institutions, *students must remember that these courses may or may not be applied to a particular degree program.* Students should note that this matrix is limited to those General Education courses for which full credit would likely be granted by most other Louisiana colleges and universities. In addition to this statewide agreement, many institutions have entered into specific transfer/articulation agreements. *These institutional agreements often include far more extensive listings of courses which can be successfully transferred between those specific institutions.* **Therefore, the student is *urged* to contact the institution to which he/she is transferring to confirm whether the courses will count toward degree requirements in a specific major.**

To make this process easier, this guide includes contact information for the campus-designated individual to whom inquiries may be directed regarding the transfer process. Additionally, information on tuition rates and office contacts for financial aid and housing are included for the student's use. This guide represents Louisiana public higher education's initial effort to improve the transfer process. Although each of Louisiana's campuses is unique and serves a specific mission, the higher education community also recognizes that in order to better serve students, the process of transfer and evaluation of credit must be more easily understood.

The Board of Regents is aware that its work in this area has just begun. During the coming years, the Board of Regents and another appropriately representative Articulation Committee will continue to examine the transfer process, seeking to: (1) expand efforts for increased articulation with Louisiana Technical College; (2) review campus transfer policies with an eye toward more standardization (i.e. calculation of grade point average, academic probation/suspension, etc.); (3) target selected disciplines for increased articulation; (4) reduce exceptions to transfer of courses; (5) add more courses to the matrix; and (6) make transfer information more readily available via the Internet.

## CURRENT BOARD OF REGENTS' GENERAL EDUCATION REQUIREMENTS

The Board of Regents' General Education Requirements include 39 credit hours of college-level courses for a baccalaureate degree program (twelve hours for an associate degree program). These 39 hours are distributed across a number of disciplines and typically represent a total of thirteen courses. The enclosed matrix includes forty courses from which these thirteen can be chosen. However, since (1) the Regents' policy provides flexibility in how each institution meets these general education requirements and (2) some of Louisiana's institutions have supplemented the Regents' requirements with institutional requirements, students considering transferring are urged to contact the institution to which they are considering transferring in order to determine whether additional requirements exist.

### REQUIRED AND SUGGESTED GENERAL EDUCATION COURSEWORK FOR BACCALAUREATE PROGRAM

| | |
|---|---|
| ENGLISH | 6 hours |
| MATHEMATICS | 6 hours |
| COMPUTER LITERACY | *(requirements to be determined by each campus)* |
| NATURAL SCIENCES | 9 hours |
| ARTS | 3 hours |
| HUMANITIES | 9 hours |
| SOCIAL SCIENCES | 6 hours |
| **TOTAL** | **39 hours** |

The following information is **general** in nature. For more information, *the student is urged to write or phone the transfer student contact* listed above.

Criteria/materials required for admission of transfer students:

- Completed application for admission
- Official transcripts from each college and university attended
- If students do not have transfer credit in English or Math or ACT scores, the student is required to take the ACT Compass or ACT Asset Test prior to registering for any general education courses
- Must be eligible for readmission to the school last attended
- Official high school transcript if student has earned less than 12 hours of college credit

**Determination of degree credit and course equivalencies for transfer courses**

*Transfer tables which have been developed by many institutions are used to determine equivalencies. College catalog course descriptions are used by admissions office personnel for courses not on a pre-determined table. If admissions office personnel are unable to determine an equivalency, academic divisions are contacted to make equivalency assessments.*

**General Guidelines for Transfer Students**

The following information is **general** in nature. For more information, *the student is urged to write or phone the transfer student contact* listed above.

Criteria/materials required for admission of transfer students:

- Completed application for admission and appropriate application fee
- Official transcripts from each college and university attended
- Overall 2.00 grade point average or better on all college work attempted
- Transfer students who have earned fewer than 24 credit hours of college-level work must also meet the requirements for freshman admission

**Determination of degree credit and course equivalencies for transfer courses**

*The evaluation of credits from other institutions is coordinated in the Office of Undergraduate Admissions. Jurisdiction of course equivalencies is assigned to the departmental faculty, who review course descriptions and syllabi from other institutions and determine appropriate equivalent credit. Where no equivalent course exists at LSU, credit will be undesignated and will appear on the transcript denoting the level only. For example, a sophomore-level course at LSU is designated as a 2000-level course. Therefore, an undesignated 2000-level course would appear on the transcript as 2XXX. The extent to which undesignated courses are used for degree credit is determined by the senior college.*

| $2,112 | $7,302 |

**General Guidelines for Transfer Students**

The following information is **general** in nature. For more information, *the student is urged to write or phone the transfer student contact* listed above.

Criteria/materials required for admission of transfer students:

- Completed application for admission
- Official transcripts from each college and university attended
- High school transcripts are required for students with fewer than 12 semester hours of credit
- ACT scores are required for students who have not earned credit in English 101, or its equivalent, and Mathematics 113, or its equivalent
- Students must be eligible for readmission to the last collegiate institution attended

**Determination of degree credit and course equivalencies for transfer courses**

A. *The Office of Admissions will review the course descriptions, prerequisites, and level, and award credit for acceptable courses.*
B. *Applicability of transfer credit to the student's McNeese degree program is determined by the student's academic department.*
C. *If course equivalencies are unclear from descriptions, academic departments are contacted to make equivalency assessments.*

Criteria/materials required for admission of transfer students:
- Completed application for admission
- Official transcripts from each college and university attended
- ACT or Nicholls placement test score for students who do not have English and Math transfer credit

**Determination of degree credit and course equivalencies for transfer courses**

*Transfer credit evaluators review catalog descriptions to determine equivalencies. Transfer tables of equivalencies have been created for many institutions. When the advisor is checking the student for registration or graduation, the advisor makes the determination of how the course can be used in the student's degree program. The advisor completes a course substitution form which is processed through the chain of command to allow the course to be accepted for credit towards the degree.*

|---|---|
| $2,030 | $6,326 |

**General Guidelines for Transfer Students**

The following information is **general** in nature. For more information, *the student is urged to write or phone the transfer student contact* listed above.

Criteria/materials required for admission of transfer students:

- Completed application for admission
- Transfer students must be eligible to return to the institution from which they are transferring
- No tests or scores are required of students coming to Southeastern having thirty (30) or more hours of transfer work.
- For transfer freshmen not having completed college English or Math an ACT score is required for placement purposes
- Official transcripts from each college and university attended High school transcripts are not required

**Determination of degree credit and course equivalencies for transfer courses**

*The Transfer Admissions section of the Office of Enrollment Services determines credit for transfer courses. The office takes the catalog description of the courses and equates them to Southeastern equivalencies. If there is a question regarding the equivalency of a course description, then it is referred to the academic department where the course would be taught and the department head makes an evaluation of the course equivalency. This information is then returned to the Office of Enrollment Services. The academic department determines how the transfer courses apply to the degree program.*

**General Guidelines for Transfer Students**

The following information is **general** in nature. For more information, *the student is urged to write or phone the transfer student contact* listed above.

Criteria/materials required for admission of transfer students:

- Completed application for admission
- If students are transferring fewer than 18 hours, a minimum ACT of 20 or SAT I of 950 is required
- Placement for all students who have not completed college credit in mathematics and English is by ACT score
- Official transcripts from each college and university attended
- Official high school transcripts for students transferring fewer than 18 hours

**Determination of degree credit for transfer courses and course equivalencies**

*The extent to which specific courses are used for degree credit is determined by departmental or college representatives within the respective programs. Transfer credit evaluators in the Admissions Office review catalog descriptions to determine course equivalencies. Transfer tables of equivalencies have been created for many institutions. If course equivalencies are unclear from descriptions, the Admissions Office contacts academic departments to make equivalency assessments.*

ENDNOTES

[1] LSU A&M accepts lower division English and American literature courses "by title" since English and American literature courses are higher division courses. Contact the LSU Office of Undergraduate Admissions

[2] Northeast accepts La Tech's Math 101 for general education credit but not as equivalent to its Math 111.

[3] La Tech does not accept Grambling's Math 132 as equivalent to its Math 112.

[4] LSUA accepts the following courses for general education credit but not as equivalent to its corresponding course(s): [NSU's Sci 1020 & 2020; BPCC's Phsc 105; and Delgado's Scie 101].

[5] LSUA does not accept SUSBO's Biol 105 for general education credit.

[6] LSUA accepts General Chemistry courses for general education credit but not as equivalent courses.

[7] LSU A&M accepts courses for general education credit but not as equivalent to its corresponding course(s): [DCC's Phys 141-144; GSU's Phys 109-112; MSU's Phys 201-202; USL's Phys 207-208; 217-218 and Nicholl's foreign lang. courses; and SLCC's Psyc 1010.]

[8] LSUS only accepts Hist 224 & 225 from SUSBO and SUBR as American History I and II.

[9] LSU A&M accepts course as an equivalent course, where appropriate, but not for general education credit.

[10] UNO accepts Delgado's Spch 230 and Nunez's Spch 110 for general education credit but not as equivalent to its Drcm 2650.

[11] LSUA does not accept McNeese's Geog 211 as an equivalent course. However, LSUA will accept McNeese's Geog 101 & 102 as equivalent to its Geog 1001 & 1003.

[12] Grambling will accept 200/2000 level, but not 100/1000 level, Physical Geography courses as equivalent to its Geog 308.

[13] To be equivalent to LSU A&M's Psyc 2000, students must complete SLU's Psyc 101 & 102; USL's Psyc 213 & 214 or NSU's Psyc 1010 & 2020.
